

want to hear a set of almost entirely covers jammed around the sun and into infinity, with a sitar solo crammed in between.

this was the only american tour the band ever embarked on, and these fillmore shows the last that carl wayne ever sang with the band. rumor has it the band won the tapes from bill graham in a volleyball game and then they sat in wayne's attic for 35 years.

I would agree with everything you wrote though it's still somehow thrilling.
