In Memoriam 1941-2006

4 Stars \*\*\*\*

In Memoriam is a fitting tribute to one of the kings of the ska movement Desmond Dekker. The session that made up this CD were his final studio recordings and represent his greatest hits. The Isrealites, 007 (Shanty Town), Jamaica Ska and Rudy Got Soul are all featured. Unlike other re-recordings In Memoriam hits on a high note and captures a king on top
