

# TOXIC FLYER FANZINE REVIEW PREVIEW

**THE TOY DOLLS (THE ALBUM AFTER THE LAST ONE) CD** Fucking killer news... Olga and the boys are back with a new record called "the album after the last one". Well THE TOY DOLLS still have that great fast and snotty punk sound that old DOLLS fans and new ones will enjoy. The records have some new favorite's like... credit crunch Christmas, sciatica sucks, dirty Doreen, Gordon brown gets me down, b.e.e.r, and more great songs as well as 3 acoustic bonus tracks by Olga. But fans of great punk like... THE DICKIES, GREEN DAY, THE ADICTS, CHUCK BERRY, and Benny Hill will enjoy THE TOY DOLLS as well. Still great fun songs with some humor added in. OLGA IN 2012!!!!
