

Band Website:

[The Velvet Underground](#)

Band Members:

Willie Alexander -- keyboards

John Cale -- vocals, viola, bass, piano, organ

Angus Maclise -- drums

Sterling Morrison -- guitar, bass

Walter Powers -- bass

Lou Reed -- guitar, vocals

Maureen Tucker -- drums

Doug Yule -- bass

A very interesting retrospective of the career of The Velvet Underground. While they may not have played to thousands of people, they were one of the most influential bands out there. They made you want to go home and start a band of your own. There are interviews with Lou Reed, Andy Warhol, Sterling Morrison, and John Cale. The DVD was really well done and you walk away knowing more about this amazing band than you did before.
