Brian Wilson Part II (Sexy Intellectual)

By

[Upchuck Undergrind](#)

– October 2, 2012 Posted in: [Reviews](#)

SEXY INTELLECTUAL, by way of MUSIC VIDEO DISTRIBUTORS, is answering questions left for those wondering what was up with Wilson after 1969. I'm obliquely referring to SI's follow-up to their rock doc about Brian Wilson that covered the pivotal years from 1962 to 1969. But while the Beach Boys are what Wilson is most famous for, it's not like he stopped making music at the end of the 60s. BRIAN WILSON: SONGWRITER 1969-1982 covers another decade and change (no pun intended) past the previous picture's time frame. So maybe you thought Brian and his beach bum pals and that PR-unfriendly loose connection – in a six degrees of Kevin Bacon kind of way, if I recall – to the Manson murders was pretty much all their was to Wilson. Wrong! This sequel rock doc follows forward, pursuing Wilson's career after his tenure with The Beach Boys. It's the opportunity to look at a piece of music history typically overshadowed by the surf rock thing. I mean, I like surf rock and all, but fans of Wilson and rock history freaks will find music and info for their memory banks. Features include interviews and pix dug up from the dust, input from a number of folks who worked with Brian, commentary from music experts, RARE RECORDINGS, even more musical expertness as a panel of music peeps take a second look at the overlooked portion of the famous songwriter's career.
