

BRIAN WILSON: Songwriter 1969-1982 – MVD

Following Sexy Intellectual's previous film about Brian Wilson's magnificent craft; Songwriter 1962 – 1969, comes this companion piece covering the maverick composer's life and work throughout the 1970s. While this latter part of his career is rarely championed with the same kind of enthusiasm that greets his 1960s productions, it remains an essential part of Brian's story and contains many, many moments of glory which compare favourably to those which litter the era generally considered his heyday.
