Hitchers, The – Tees Valley Deadbeats

Hitchers, The – Tees Valley Deadbeats CD (Spectra/MVD Audio)

The Hitchers kick out the jams by mixing classic rockabilly and modern punk in (almost) equal measure, leaning a bit heavily toward the vintage side of things musically (stand-up bass, that clean 50's guitar tone) but with that Fat Wreck nasally vocal sound leading the charge. I'd never heard the band before getting this record, so I'm not sure if their time spent on Vans Warped Tour (three years and counting now) was an influence on their sound or if their sound is the reason that they continue to be invited out on the tour. At any rate, this is a fairly tasty record in many places ('Berwick Hills 90210', 'I Might Never', 'Me And London', 'Rotten

Baby', and 'Anti-Protest Song') but after 14 songs the novelty of it all wore off for me. **The Impaler**
