Video Services Corp. and MVD just announced that the second season of Elvis Costello's superb interview/music show "Spectacle" will be issued on Blu-ray DVD on June 7th.

If you missed this series or even if you saw it in standard definition, this is a "must see" series, featuring great musical collaborations and probing interviews.

The audio production is superb, by the way.

Artists include: Bono and The Edge Of U2, Bruce Springsteen, Neko Case, Sheryl Crow, Ron Sexsmith, Jesse Winchester, Nick Lowe, Richard Thompson, Allen Toussaint, Levon Helm, Mary-Louise Parker, John Prine, Lyle Lovett, and Ray Lamontagne.

So how can you go wrong?

The sets will include bonus features too. Here's a sample of Elvis with Bono and The Edge: <http://www.youtube.com/watch?v=wYtvvO1PICK>

DVD box: \$29.95

Blu-ray box: \$39.95
