One of the most talked about horror movies of the year, **The Disco Exorcist** arrives on DVD June 19 from MVD.

From the makers of the cult hit "Nun of That" comes this irreverent blood, boobs and bellbottom-soaked tribute to seventies exploitation sleaze featuring supernatural sex, disco dancing deaths, roller skating sinners – and beautiful women possessed and perverted by evil.

*"Rex Romanski is a 1970s disco swinger who loves and leaves the wrong woman – the wicked black magic priestess Rita Maria. And now it's up to Rex to undo the scorned Rita's rampage of revenge, murder and destruction before she claims more lives, and takes over the soul of the woman he loves in this decadent and devilish decent into exploitation!"*

Bonus materials include: Director's Commentary, Deleted Scene, Original Teaser Trailer, and Trailers.
