Disco Exorcist, The

REVIEWED BY: Kami Posted on 17/09/2012

Bad moves, bad wigs, bad acting, deliberately aged film stock, naked sheilas and more polyester suits than any man needs to see, this is the world of the Disco Exorcist!

More precisely, this is the world of Rex Romanski, a smooth talking, smooth dancing, smooth romancing disco king who beds the wrong babe and now must pay the price. Rex thinks he's found the right girl when he meets Rita Marie and after a night of dancing, both vertical and horizontal, it seems the romance is blossoming. That is until into the club comes Disco Porn starlet Amoreena Jones, (I kid you not, disco porn! What more could you want?) and Rex makes the fatal error of leaving Rita alone on the dance floor while he romances Amoreena.

Rule number one on the dance floor, never upset a disco voodoo queen! Cue voodoo ceremonies, lots of humping and strange dream sequences before we head off to the porn studio where Rex finds himself drafted into the movie when head disco dick Jack Toughskins doesn't arrive on time. (And by arrive I actually mean arrive, no double entendres there.) So Rex Romanski, king of the dance floor is now a porn star - tough life hey. Things turn ugly though when the porn babes, possessed by demons, go nuts and start dicing up the crew. Luckily for Rex, Amoreena snaps out of her trance in time to save his nuts. Soon enough though Rex works out what is going on and when it turns out the Brazilian cleaner Angel is an excommunicated priest ("I like a the small children") Rex, his DJ buddy Manuel and Angel decide to perform an exorcism in the disco basement. This doesn't happen though until after a great orgy sequence with an Anton La Vey lookalike running proceedings, Jack Toughskins getting his rubber wang torn off and a bunch of risen from the dead women crashing the party.

You see, Rita Marie is a bit of a womens libber too, calling up the scorned, raped, beaten and victimized from their graves to get revenge on the male of the species. That's when Rex realises just how much trouble he is in and grabs the demonic Amoreena, taking her back to the disco to be exorcised. Of course, nothing goes to plan but with a possessed disco ball, an exorcism performed from a pamphlet and even a tubular bells ripoff riff to finish proceedings, you know this baby is a labour of love.

With deliberately aged film stock, plenty of bad 70s clothing, lots of blood and guts, plenty of naked flesh, snappy lines, a couple of scenes deliberately cut out and replaced with "shot missing" tags, this film is a homage to the great days of b-grade VHS trading, where you never quite knew what you were getting but you were always surprised.

Deliberately cheesy, Disco Exorcist takes *Saturday Night Fever* and destroys the myth of hot chicks and smooth movers with a smirk, a bucket of blood and a shitload of coke. Blood, guts, babes, demons, drugs, tits and polyester - Disco Exorcist has it all. For anyone who had to suffer the indignities of the disco era, this is your revenge!

Special features: I'm not a big fan of the whole "director/cast commentary" thing but in this case it works! Throw in some real b-grade/z-grade trailers from Wild Eye and you've got a pretty sweet night in.

CLAUSTROFOBIA
(NETHERLANDS, 2011)
"Claustrofobia is an above-average thriller. It may be telling a familiar tale, but it tells it well. Not a classic for the ages, but a solid evening's entertainment."
