The Disco Exorcist Coming to DVD June 19th

The Disco exorcist is filmed to look like an old Grindhouse movie & they did a great job, the movie from what i can tell is about a Disco Stud who makes a witch jealous & she curses the Disco with Black majik & all kinds of hell breaks loose. In this film you will see a ton of titties & gore but the sex scenes are way to drawn out & beaten with a dead horse, Another thing this movie lacks is loction it seems the whole film only has 2-3 locations which choke it a bit. I will say it is a fun silly gorefest & if your getting loaded with friends you will probably love this film, I enjoyed it Sober what can i say. Its a fun film give it a try!
