I just spotted this on TLA's online store. Whoever wrote this description deserves an award!

The Disco Exorcist: Titties, coke and groovy thrills galore in this sexploitation horror grindhouse throwback that follows a studly dude who pisses off a witch and must try to stop her from wreaking total havoc on the disco community. The titties come early and often with great nude scenes from Ruth Sullivan, Aurora Grabill, Alexandra Johnson and more along with blistering hot, extended fuck scenes and enough dead-on grindhouse atmosphere to choke a thousand Dolemites.

Official Synopsis: The most talked about horror movie of the year! From the makers of the cult hit Nun of That comes this boob and bellbottom soaked tribute to seventies exploitation sleaze that Twitch calls "Brutal, Blasphemous – a howl from start to finish." Rex Romanski is a 1970s disco swinger who loves and leaves the wrong woman – the wicked black magic priestess Rita Maria. And now it's up to Rex to undo the scorned Rita's rampage of revenge, murder and destruction before she claims more lives, and possesses the soul of the woman he loves. A sexy, irreverent horror comedy – Get Down... and Get Dead!
