

Audio 'Clever Clogs'...

WIENERWORLD got in touch with us today. On March 10th they will be issuing a CD version of the Clever Clogs concert recorded live at London's Shepherd's Bush Empire in March 2007. This 17 track CD is packed with 10cc's top 10 hits featuring 3 number one's including I'm Not In Love, Rubber Bullets and Dreadlock Holiday. Along with the 10cc material, Graham Gouldman and the band perform hits he wrote for The Yardbirds, The Hollies and Herman's Hermits. This concert features original members Graham Gouldman and Kevin Godley along with top musicians Rick Fenn, Mick Wilson, Mike Stevens and Paul Burgess.

"I have many fond memories of our gig in 2007 at the Shepherd's Bush Empire. Not only is it an iconic venue but it also featured an appearance by KEVIN GODLEY. I had asked him to sing, amongst other songs 'Old Wild Men', a song he wrote with LOL CRÉME that featured on our 'Sheet Music' album. It was a magical moment when KEVIN started to sing, the audience went mad." – GrahamGouldman
