IAN DURY - Rare And Unseen DVD: This a wicked DVD dedicated to the one and only Ian Dury. 'Rare And Unseen) is certainly worth it's weight in gold with some early TV footage of Ian Dury and Co from the London Programme recorded in 1976. Not only that but there's a TV interview and live recording from the Richard and Judy show. The icing on the cake though is the eight live musical performances with Ian fronting the Kilburrrns and the Blockheads. Tracks include 'Sex, Drugs & Rock & Roll', 'Upminster Kid', 'England's Glory' and 'Blockheads'. Most of this footage is pretty rare and certainly worth seeing if you were a fan of Ian Dury. Comes nicely packaged too!
