NEW RIDERS OF THE PURPLE SAGE "17 Pine Ave" - Back in the late '60s and early '70s, Woodstock (the town) was a big deal. Home to Dylan and The Band back when, in 2012 the town is also home to a fine record label, Woodstock Records. Released on CD by Woodstock in 2012, 17 Pine Avenue is yet another fine set from hippie rock heroes New Riders Of The Purple Sage. Still featuring key members David Nelson and long time NRPS pedal steel ace Buddy Cage, the album also features key contributions from Michael Falzarano, Ronnie Penque and Johnny Markowski. Contributing to the new songs is Nelson song writing partner and long time Grateful Dead icon Robert Hunter. Guesting here is Professor Louie. Many of these tracks pick right up from that classic "psychedelic Americana" period on that first NRPS album with Jerry Garcia from 1971. On 17 Pine Avenue, the New Riders keep their freak flag flying high on an album that further honors their heritage.
