LOVE HIM! Saw him in concert 2 weeks ago. I've been to a lot of concerts...his was my favorite. He was AMAZING. Great entertainer. Just bought the new album. Sounds amazing just like all the rest.

the album just gets better & better every time it gets played. if you don't get the album, just pick what you hear on the radio, you will be missing some really good music. a lot of his best get missed when the album isn't purchased. now give us a whole album of incognito music for christmas presents. he is so great becuse you can understand the words, his songs are stories after all. love it.

My favorite songs so far are "Bullets In The Gun" and "11 Months And 29 Days." I also love his remake of "Chug-a-Lug." Great album.

I have been listening to this CD for several days now and it just gets better each time I hear it. I think this is some of his best work since How Do You Like Me Know came out. Don't get me wrong I love all his music but this one just blew me away. The live tracks are worth the extra bucks to get, just shows his versatility and strong vocals. Way to go Toby.

Toby Keith is such a great artist and can really write music. Real good at acting. Have seen all his movies and have all his music. Saw him in person in the Pacific Northwest years ago and he has not changed. Getting better all the time. Keep up the good work Toby, love your music. Thanks
