I was clicking around Amazon today, working on my music migration to the beautiful new Amazon Cloud (more on that later) and I came upon a music recommendation for [Jesse McReynolds'](#) newish record, [Songs of the Grateful Dead](#). I listened to a few clips, bought it, and was completely blown away.

As is my custom, I then clicked over to YouTube to see if I could find some live versions, and boy did I hit the jackpot. Here's some HD footage of Jesse's appearance just last week at Springfest 2011, in Live Oak, Florida. This is absolutely some of the best music you will ever hear. This is an embedded playlist- there are 10 unbelievable songs.

You can select HD quality and watch it full screen.

After you soak up this goodness, run over to Amazon, and buy this record.

Wow!

And if you're a fan of good music, you have to subscribe to [dschrami's YouTube Channel](#). It's the best music channel I've seen on YouTube.
