

The Velvet Vampire

Climax after climax of terror and desire...where the living change places with the dead. Considered to be a **cult horror classic**, follow "THE VELVET VAMPIRE" as sleepy-eyed nice guy Lee Ritter and his vapid but pretty wife, Susan, accept the invitation of mysterious vixen Diane LeFanu (Celeste Yarnall) to visit her secluded desert estate. Tensions arise when the couple, unaware that Diane is really a centuries-old vampire, become objects of the pale skinned temptress' seductions. She kills one and hunts down the other until the Velvet Vampire falls from grace.
