Where Her Wildest Fantasies Turned to Terror

Tanya (Vanity), and her lover, Lobo escape to the solitude and tranquility of a deserted tropical island. Soon, Tanya begins to explore her new found paradise. During one trip into the jungle, she discovers and eventually befriends a gorilla-like creature. A vicious rivalry develops between Lobo and the creature, "Blue." Lobo now takes on animal characteristics. He takes **Tanya** prisoner and begins a campaign to kill Blue. Meanwhile, the beast, who has observed Tanya and Lobo at work, play and lovemaking, now begins to develop human traits - and needs! Tanya is caught in a fierce battle between man and beast for total possession of a beautiful woman.

"Sexy Vanity (billed here as D.D. Winters) appears nude in this movie so often, I think that I can count all the times she's not nude on one hand."
