

Teenage Jesus and The Jerks

Beirut Slump/Shut Up And Bleed

Unreleased and rare material from No Wave "stars" Teenage Jesus & the Jerks featuring Lydia Lunch.

Fantastic archival release from Atavistic Records collecting rare, live and unreleased material from the No Wave flagship band, Teenage Jesus and the Jerks. Featuring artist/writer/musician/provocateur Lydia Lunch, Teenage Jesus and the Jerks were one of a handful of bands to take the promise of punk rock and turn it upside down/inside out and truly make a dent in art/music and the destruction of both. This release features incredibly hard to find stuff as well as alternate versions and more. Incredibly fresh and brash even 30 years after the original recording.
