

# WHEN BLACK BIRDS FLY

"...a Cenobitian world that mixes pain, fear, and pleasure at such intense doses you swear somebody slipped you a strong psychedelic and threw you into enemy territory."

- Jason Ours, **Fangoria Magazine**

A charismatic leader named **Caine** demands obedience from the citizens of a town named **Heaven**. The town is at peace until two children break his greatest rule: Never venture beyond the town's walls.

Beyond the walls of **Heaven** lies a strange and alien world of forbidden fruit, pain and pleasure, and the most terrifying: **Caine's past**.

**When Black Birds Fly** is a wholly unique psychedelic experience that contains graphic scenes of a violent and sexual nature.

Intended for mature audiences only.

**REVERSIBLE COVER ART!**

**19.95 SRP**

**ONE OF THE WORLD'S ONLY  
FEATURE LENGTH ANIMATED HORROR FILMS!!**
