

Ween

The Friends EP

5 brand new songs from the eclectic minds of Ween.

"4 brand new songs plus a remix of "Friends", none of which appeared on the new full length Ween album just released last fall (2007). Ween have recorded a lot of new material the past year and we wanted to give you an appetizer for the summer. It is the ultimate party record, filled with good beats and good times. Perfect for your barbecue or doing bong hits or whatever it is that you guys do. If you download it or burn a copy from a friend your karma will be so fucked that you will be reincarnated as a tumor on a rat's ass. We put a lot of time into this, like 4 years. What is that? 9.5 months a song or something?"
