## Time Bomb

**Man Or Astroman** were highly prolific throughout the 1990s, releasing nine albums between 1993-1999 and gaining a strong and devoted fanbase throughout the world. They are currently having a break from all things Astroman but recently came together for a one-off concert to help celebrate the 25th Anniversary of Touch & Go Records in the USA. The bands live shows were always highly entertaining, and the one featured here is no exception. Filmed during a UK tour in September 1994 at Edinburghs Castle Rock venue, the band treat Scotlands capital city to one of the craziest nights of Surf Punk Rock ever witnessed.
