UNAUTHORISED DOCUMENTARY
WITH EXCLUSIVE INTERVIEW

On 'Candy Coloured Blues' we go behind the music to get the inside track on the making of this unique band.

Packed with interviews, this in-depth documentary film takes you where the cameras never previously preyed to uncover a truly remarkable story.

Hailed as the saviours of rock n' roll, the White Stripes blasted out of Detroit and turned the music world on it's head.

But are they simply a brother and sister doing what they love or is there more to them and their cutting edge sound than meets the eye?

In-depth examination of the Detroit music scene, past and present, that both nurtured and launched them to international success.
