

Panic! At The Disco

Theatre Of Imagination Unauthorized

Documentary featuring exclusive interviews, rare footage, contributions from experts, location shoots, rare photographs and much more.

This DVD is a documentary film that tells the band's story to date. With exclusive interviews, rare footage, contributions from friends, colleagues and associates, location shoots, seldom seen photographs and a host of other features, this program will prove a delight for Panic's ever-growing army of fans, and shall certainly remain the best document on the group for many years to come. They're arguably the best new band of the millennium, and although they've yet to achieve the huge, worldwide acclaim they so sorely deserve and so surely shall achieve, Panic at the Disco are right at the point where the world is about to sit up and take notice. And when they do, it'll be a better place for sure!
