## Game Recognize Game

A rags to riches story, Jayceon Terrell Taylor aka The Game from Compton, California, had been shunted through the foster home system and dove into the depths of the hood, watching his friends and family die from drugs and guns. At the brink of death himself, he rose, like the Phoenix, from a coma to capture the respect of the east coast rappers and bring the music back to rest in the west. Beating the odds, he fought for survival not only for himself but for his clan, feuding and standing for what he believed to be right, giving back to the community that gave to him. A gifted poet, a revolutionary Gangsta, a man from the streets, The Game has proven that he is indeed at the top the game.
