SUMMARY

"In God We Trust, Inc." captures the Dead Kennedys in Subterranean Studios recording their masterpiece, and includes full lengthy versions of every song.

This DVD features footage from the lost recording session of In God We Trust Inc. With songs like "Nazi Punks F*ck Off," "Religious Vomit," and We've Got a Bigger Problem Now," this album fiercely dominated and changed the face of Punk Rock forever!

This includes every song from their best selling album, done two different ways. First, it has the Dead Kennedys recording in the studio and includes between song banter, outtakes and rescued multi-track recordings.

Then, it features the band live in concert performing songs from the 12 inch EP spanning 1979-1986.

There are no lulls, no shortcomings; every song blasts full-throttle with rage-filled lyrics and mind-blistering anger.

Songs include:

Hyperactive Child, Nazi Punks F*ck Off, Kepone Factory, Dogbite, Religious Vomit, We've Got a Bigger Problem Now, Rawhide and Moral Majority.

** "In God We Trust, Inc" album has scanned nearly 300,000 units!

** Contains every song from their best selling album with both in-studio and live concert performances!

** This is the real deal featuring material never before seen anywhere!
