

Lydia Lunch

Video Hysterie: 1978-2006

An incredible retrospective of her musical collaborations from 1978-2006.

This retrospective of Lydia Lunch's musical collaborations from 1978-2006 is an incredible representation of her approach to art. Hailed by the Boston Phoenix as "one of the 10 most influential performers of the '90s," no other artist of the 20th century has fought, forged, punched and sculpted their own artistic vision in such a uniquely original way. Defying categorization, Lunch actively has conquered new territories and has gained international recognition for the innovative quality of her work. Robert Palmer from *THE NEW YORK TIMES* writes "Miss Lunch was always an effective vocal performer. But rock has grown complacent again -- even the underground rock that has borrowed so much from Miss Lunch's various bands over the years. Perhaps it's time for her to administer it a few more rude shocks." This DVD is sure to please anyone in search of change of pace, a stray from the norm.
