Recognized throughout much of his career as “the world’s greatest living entertainer,” **Sammy Davis, Jr.** was a remarkably popular and versatile performer equally adept at acting, singing, dancing, and impersonations –in short, a variety artist in the classic tradition. A member of the famed Rat Pack, he was among the very first African-American talents to find favor with audiences on both sides of the color barrier, and remains a perennial icon of cool.

*Sings the Big Ones for Young Lovers* consists in a marvellous collection of love songs interpreted beautifully by the master of song. Another must for Sammy fans and fairly typical of the man in his prime. Sam’s voice is made for these compositions, a truly wonderful album which reflects a fabulous combination of genius songwriting and a unique singing voice.
