

Apollo 11The Eagle Has Landed

Award-winning film documenting one of the greatest moments of the 20th century.

On July 20th 1969, after four days in Space, the now legendary astronaut Neil Armstrong became the first man to set foot on the surface of the moon, uttering the unforgettable and now famous statement, 'One small step for man, one giant leap for mankind.' This feature-length, award-winning documentary, voiced by TVs Dr. Who, Tom Baker, is a fascinating and compelling insight into the story of Apollo 11, man's conquest of space and the race for the moon. On July 16th 1969, Apollo 11 lifted off from the Kennedy Space Center in Florida set to make history. This DVD brilliantly documents one of the greatest moments of the 20th century.
