Foo Fighters DVD Collector's Box Unauthorized

The Foo Fighters DVD Collector's Box is a visual celebration of Dave Grohl and both his current and his previous bands. Consisting of two separate DVD films which cover his entire career in music, and featuring: never-before-seen footage of his Washington DC based pre-Nirvana collectives, exclusive Nirvana films, Foo Fighters in performance and in interview, and with contributions from a panel of close colleagues, friends, fellow musicians and hand selected esteemed experts, this 2 DVD set is overflowing with material that will delight every Foo Fighters fan in existence. Close to 15 years after Dave Grohl's enforced departure from Nirvana, **The Foo Fighters remain one of the very finest American rock bands in existence.** And while the Foos will never achieve the once-in-a-lifetime impact of Grohl's former group, they remain hugely influential, increasingly creative and, most crucially, downright entertaining.
