Radiohead The DVD Box

This DVD Box contains two separate previously available documentary films about the band, *Homework* and *OK Computer: Classic Album Under Review*. *Homework* looks at Radiohead's entire history from their university days through to the global success they have achieved today. *Under Review* is dedicated to the story of the making and impact of their most enduring work, "OK Computer", the album that proved to the world that these boys were something special, way back in 1997. Both films contain rare footage of the band, classic performances, rare interviews, exclusive contributions from friends and colleagues, review and insight from journalists and the group's biographers, seldom seen photographs and a host of other features. With so much coming out of the music industry that is shallow, uninspiring and downright dull, it's more than a little refreshing when a band do things a bit differently. In the case of Radiohead - who do things a lot differently - it's not just refreshing, it's life changing!

Features

- Extended Interviews
- Digital Interactive Quiz
- Digital Discography
- Beyond DVD section

Artist	Radiohead
Title	The DVD Box
Selection #	DVDIS011
UPC	823564512495
Prebook	12/18/2007
Street Date	1/22/2008
Retail	\$24.95
Genre	Alternative/Punk
Run Time	120 mins
Box Lot	30
Label	CHROME DREAMS
