**Ben Sidran** has proved his credentials as a producer for artists such as **Mose Allison, Diana Ross, Tony Williams and Michel Petrucciani**. He worked as a keyboard-player for **Tuck and Patti, Jon Hendricks** and **Gene Clarke** and has released nearly two dozen solo albums since 1971 - all filled with cool, swinging songs which cannot be classified as jazz, pop or blues, but take the best from all three genres. This DVD captures **Ben Sidran** live from November 9th, 1995

**Ben Sidran's** ability to form a direct bond with his audience is certainly not only due to his musical talents. His eloquence and his journalistic experience are also a great help. Ben Sidran has written for the best music magazines in the world such as the American magazine "**Rolling Stone**" and Japan's "**Swing Journal**". In the late eighties, he conducted brilliant interviews for the award winning radio programs "**Jazz Alive**" and "**Sidran or Record**" and he hosted "**New Visions**" on **VH-1, MTV's** sister station. 40 of his best conversations with legends such as **Miles Davis, Wynton Marsalis** and **Doctor John** were published in 1992 under the title "**Talking Jazz: An Illustrated Oral History**".
