Ohne Filter: Revisited

This "revisited" gig at "Ohne Filter" took place in 1997 in Baden-Baden, Germany. At this time (Ford's second TV guest performance on the show) his highly-acclaimed album "Tiger Walk" was ready to go. Here he shared the stage with three established musicians from Alanis Morissette's stable. The sound Ford creates on his guitar with his nimble fingers reveals a deep understanding and appreciation for the blues... He has also accompanied some blues legends, such as Charlie Musselwhite and Jimmy Witherspoon. You can discern the ability of this sought-after musician to transform himself. He once belonged to the founders of the fusion band Yellowjackets and toured with stars like Joni Mitchell or George Harrison. During this particular performance, the audience experienced a true virtuoso, who continuously reinvents himself.
