STEVEN HALPERN PAUL HORN

CONNECTIONS

Paul Horn and Steven Halpern are a winning combination exploring New Age, contemplative jazz and world fusion. They honor their musical backgrounds in jazz improvisation and meditative music on this classic best seller.

Without any rehearsal, they quickly established a telepathic connection that inspired their duets, solos and ensemble tracks that add bass and rhythm grooves.

TAO HOME BLUES takes the blues template to a subtle dimension. *SHARED SECRETS* features Steven on grand piano and Paul on bass flute and golden flute.

FANTASY FLIGHT is Paul's *tour de force*, a masterpiece of looping that evokes in melody and spontaneous multitracking some of the many exotic locations he has recorded in, like the Taj Mahal, Russia and China.
