## SPECTRUM SUITE

45th Anniversary Collector's Edition

*Remastered Plus Bonus Tracks*

*SPECTRUM SUITE* is the OG sound healing classic that balances and tunes the chakras with sonic keynotes.

Steven Halpern is a founding father of New Age music and the preminent composer for "sound health" and relaxation.

*SPECTRUM SUITE* - named "the most influential New Age album of all time" by industry peers in 1999.

This Collector's Edition includes 8 long out-of-print tracks from early vinyl LP pressings.

The sound of Steven Halpern's iconic Fender Rhodes electric piano defined the early years of New Age music.

Built-in appeal for long-time fans and new converts.
