

MOST WANTED

BIO/ARTIST PROFILE

Most Wanted®, a long-time Detroit area band with a debut that features a solid collection of modern rock songs, including singles "Beautiful" and "Can I See You". Founding member singer songwriter Mark Hiser (vocals, guitars) teamed up in 1990's with members Ray Bailey (bass), Greg Kerkes (drums), and Dave McReynolds (guitar) to create this dual guitar rock band. Preferring to stay close to home where they regularly play to standing room local crowds, the ten-song album was recorded at The Loft in Saline, Michigan, with recording engineer Andy Patalan. The word is out, "These guys are the definition of a people's choice band. Approachable, yet passionate to the music." Most Wanted invites you to all be a part of the journey.

BUY! HERE'S WHY!
