

Anal Stench

Red Revolution

Anal Stench is a new Polish metal band formed by members of Thy Disease, Decapitated and Virgin Snatch. "Red Revolution" is a middle finger aimed directly at the years of Stalinism in Poland and abroad, adorned with heavy riffs, daring and cynical lyrics, solos and diversified vocals sung by two singers (!!!). Add all this to outstanding drums and devastating riffs that resist all classification and it turns out that Anal Stench develops into a significant representative of Polish metal scene. It's hard to say what the future will bring but one may assume that Anal Stench will soon show its real potential...
