### Exclusion Of Non-Dominated Material

*"Exclusion Of Non-Dominated Material" - the second full-length album by Ukrainian Oldschool Raw Black/Death Metal band.*

The second full-length album by Ukrainian Oldschool Raw Black/Death Metal band.

Rude groove riffs with black & dark parts mixed with Doom Metal moods. Vocals has become rougher, a lower impaling to the very viscera growl has appeared.

The lyrics written in Ukrainian draw you into the atmosphere of struggle, unrelenting hatred of the reckless activities of certain social sectors and let you think about what your life depends on your own, without strong desire to develop, and without pushing for action - it will remain useless and pathetic.
