## BAD MEAT

*When the guards of a Boot Camp for  
wayward teens turn into flesh crazed  
maniacs, it's comedy and horror combined  
with gristle and gore*

Ordered to a delinquent camp in a remote part of the country, a group of wayward urban teens are confronted by a sadistic warden and his motley crew of perverted guards. But when a disgruntled cook contaminates their food with the rotting flesh of a dead animal, the warden and guards become infected by a deadly virus which turns them into cannibals! Gristle and gore are on the menu - as are the kids - in this brat camp slaughterhouse massacre.
