SIGNIFICANT SOCIAL MEDIA PR CAMPAIGN

Includes Gary Numan's social media fan-base and partners as well as Lakeshore Records (producers of *Drive*, *Napoleon Dynamite*, *The Heat*, and *Wicker Park* soundtrack albums).

Based on the epic graphic novel by John Bergin, From Inside is the story of Cee, a young pregnant woman who finds herself on a damaged train transcribing its way across a post-apocalyptic landscape. War, famine and a mysterious plague threaten the train's passengers as they search for a new home.

Unique award-winning animation utilizes panels from the actual comic book combined with 3D models, set pieces and physical effects. The result is an adaptation with its "bookness" more intact than any other comic adapted to film.
