

Andromeda

Playing Off The Board

Get ready for a strong dose of progressive metal! This Swedish quintet offers their trademark **powerful and sublime compositions that are both structurally intricate and overflowing with a vast spectrum of emotions.** The band went on a European tour in the autumn of 2006 to support the album *Chimera* and wrapped it up with a performance in Katowice, Poland, which resulted in this, **their first live DVD.** An hour and a half of progressive music at its very best, **more than an hour of bonus video footage** (featuring, among other materials, **bootlegs and documents from the band's tour and gigs across Europe**), **two interviews** and much more!
