A DOCUMENTARY FILM

“I’m loving this Under Review series.
They are very, very cool...”

Keith Richards Under Review

He’s the baddest of them all, the man with at least nine lives and the most Rock N’ Roll performer since the dawn of time – and we love him for all of it. This DVD features a 2 hour documentary film which details the life and career of the one man who made it all seem possible. It includes rare and classic musical performances re-assessed by a panel of esteemed experts, exclusive interviews, obscure footage and seldom seen photographs. Also included is footage of and comment on Keith’s pivotal influence, live and studio recordings of classics such as Satisfaction, Jumping Jack Flash, Brown Sugar, Tumbling Dice, Start Me Up and many others, plus bonus features.
