

# Johnny Cash

## Lowdown

With one of the longest, most important and ultimately dignified careers in popular music to his name, Johnny Cash was everything that Rock n Roll promised but rarely delivered - ironically, a performer who was considered outside that genres often ridiculous parameters for so many years. Johnny Cash - The Lowdown tells this great Americans story from both sides of the coin, on **a two CD set**. Comprising **a detailed audio-biography of Cashes always fascinating life**, and **a 60 minute interview disc with rare recordings of the Man In Black in discussion, at different times throughout his career**, this package is all at once enlightening, informative and entertaining.
