THE SCARLET WORM

THE SCARLET WORM

"Dark, edgy, and riveting... A welcome return to a type of film-making that we rarely see any more. Iconic performances from Montgomery Ford and Dan van Husen."

-Mark Goldblatt, Director of THE PUNISHER

A middle-aged hired gun named Print (**Aaron Stielstra**) is obsessed with having style and poetry to his assassinations. He has been working with loyalty for his boss, Mr. Paul (**Montgomery Ford**), for years. But his latest assignment -- the killing of a brothel owner (**Dan van Husen**) who mandates cruel abortions on his whores -- presents two challenges: he must train a young understudy during the assignment, and he's been told to pull off the killing "quick and dirty" -- which may not leave time for Print's usual, obsessively imaginative methods.
