H. P. LOVECRAFT'S

THE UNNAMABLE

Join H.P. Lovecraft (*Re-Animator*, *From Beyond*) on a terrifying journey through past and present.

The time is now. The setting is Winthrop house, believed to be haunted for the past 300 years. It is rumored that Joshua Winthrop was horribly murdered and mutilated by the creature borne of his wife.

Meanwhile, college students at nearby Miskatonic University decide to disprove the rumors by spending the night in the house. They are later joined by Carter who now takes the legends more seriously when he learns that his buddy has disappeared there.

Together, they come face to face with the unspeakably horribly creature. Hearts pound and pulses race as it stalks their every step. Who will live and who will die? Don't miss the incredible climax when the nightmare comes to life in... *The Unnamable*.
