JIGSAW HEART

YELLOW DOG

Take **Eden Brent** to a Nashville studio and you still hear the Mississippi Delta. Recording in the historic RCA Studio A with producer/guitarist extraordinaire **Colin Linden**, the blues-piano songstress stretched her musical legs, ambling into soulful Americana territory. But by reaching back to Mississippi — recalling memories, old friends and all she learned from her piano mentor Boogaloo Ames — she has made her deepest, most reflective album yet.

Throughout *Jigsaw Heart*, we find evidence of an album born in Music City, taking root in the blues and flowering outward. The musicianship and arrangements are outstanding and exquisite vocals share space with sweeping strings. Blues, gospel, soul, country and R&B merge in a melting pot of sound. This is an album forged in Nashville, but it couldn't have been made without materials collected in Mississippi and all along Eden's journey in life and music.
