Dear Valued Vendor:

Based on storage capacity issues, MVD is no longer able to store bulk overstock products at our expense. Bulk overstock products are defined as follows:

- 1) Older than one year from street date
- 2) On-hand inventory greater than (500?) units (or large bulk items)
- 3) Inventory level exceeds a three year supply.

Options for bulk overstock items include the following:

- 1) Third party storage at cost. We have a very fair solution at a regional storage facility; we pass these costs with no markup.
- 2) Return of overstock
- 3) Destruction of overstock

We evaluate our overstock on an ongoing basis and will be in touch with you regarding these options. Thank you for your understanding in this important matter.

Sincerely,

A handwritten signature in black ink, appearing to be 'Ed Seaman', with a long horizontal line extending to the right.

Ed Seaman
