MVD APRIL - AN ARRESTING MONTH!

MVD busts out in April with quite a lineup! Following are highlights of what shall be released.

Defund the police? You better get funding together fast and buy, as these new Arrow Video releases are of the limited- edition variety. The 1987 Sci-Fi/Action classic **ROBOCOP** arrives in two new formats, a two-disc UHD version with limited edition contents and a UHD Steelbook, replicating the Motor City steel that Robocop is made of! This sparkling new hi-res version with all the extra goodies will keep you captivated! **ROGUE COPS AND RACKETEERS** is another limited Arrow release, a two-disc box of 1976 Italian crime thrillers featuring films from director **Enzo G. Castellari**. Lock these up quick!

Let's keep the boot planted in Italy for a minute. **Lucio Fulci** is the Italian director responsible for some of the most horrifying films in the genre. The reissue of his **MANHATTAN BABY** from Blue Underground on special edition DVD and Blu-ray tracks a mysterious charm brought from Egypt to NYC and the evil it invokes. The **HOUSE ON THE EDGE OF THE PARK** DVD and Blu-ray is another Italian hit, called "one of the most disturbing exploitation films of all time!" A veritable feast of artistic madness! You are herby sentenced to solitary couch confinement!

**ARRESTED DEVELOPMENT** has returned in a big way with a new 2 vinyl set **FOR THE FKN LOVE**. The album features guests like **Big Daddy Kane**, **The Sugar Hill Gang**, **Freddie Foxxx** and more suspects! A new **CYPRESS HILL** LP release rounds out this month's rap pack. **DAVE BRUBECK** graces us with the CD **LIVE FROM VIENNA 1967!** The show is done as a trio, not the customary Dave Brubeck Quartet, as sax player **Paul Desmond** missed the flight due to a late-night foray into the underbelly of Europe!

**MEAT LOAF** has passed on, but his music lives in the form of the CD **GUILTY PLEASURE TOUR**. Recorded live in Australia in 2011, this set contains all Meat-no filler! Guitar maestro **RONNIE EARL** returns with a new disc **MERCY ME**, a blues feast from a career that spans 45 years. The Blu-ray/DVD combo pack **WHERE ARE YOU JAY BENNETT?** documents the short life of the **Wilco** member. This film will show you who Jay Bennett was.

MVD April - we reserve the right to be - ENTERTAINING!

**A Pale December - Death Panacea** Vinyl

Five long years after their fascinating debut, Milan-based duo A Pale December deliver their sophomore album, Death Panacea

Five years after their fascinating debut, Milan-based duo A Pale December deliver their sophomore album, Death Panacea. Compared to The Shrine Of Primal Fire, Death Panacea steers towards more aggressive, warring sounds. The "atmospheric black metal" label which so aptly described their debut album, is now just one of the many, partial definitions which could be used to define the band's music.

### Dave Brubeck Trio

Live from Vienna 1967

**BLACK, 180 gram VINYL, LP**

BRUBECK EDITIONS / SKU: BELP20220301 / UPC: 606822041216 / SRP: \$32.99

This is an extremely rare, red-hot performance by Dave and his famous rhythm section -- Joe Morello, on drums, and Gene Wright on bass. Alto saxophonist, Paul Desmond, missed the plane to Vienna and the remaining trio took the stage with a mission; show the packed hall that the three of them could play up a storm despite being one man down. Each musician in the trio was at the top of their game and each player was forced to stretch out their solos which landed them in new creative territories. Gene Wright solos far more than usual on this album and his playing is a fitting tribute to the longest living member of the Quartet. (Gene died on December 30th, 2020.) Dave Brubeck plays masterfully revealing a rhythmic complexity to his approach on the piano that is remarkable and reminds the listener of his extremely inventive approach to jazz improvisations. Opening with "St. Louis Blues," the set includes the rhythmically challenging, high-spirited "Someday My Prince Will Come," and ends with "Take the A Train" as an encore. This is a thrilling set! The sound is wonderful and listening to this album will make you feel as if you were sitting in the audience that historic night.

WHITE VINYL, 3xLP

ESOTERIC ANTENNA / SKU: EANTLP31021 / UPC: 5013929472112 / SRP: \$59.99

What would happen if occasional members of Genesis, King Crimson, Asia, Yes, Frank Zappa & Weather Report formed a unique team for one night? ## The Residents

Warning: Uninc - Live And Experimental Recordings 1971-1972

BLACK VINYL, 2xLP

NEW RALPH / SKU: NRTLP999D / UPC: 5013929369917 / SRP: \$49.99

Double LP set featuring two live shows recorded in 1971 and 1972 plus the complete '1-10 (with a touch of 11)' album, recorded in 1972 and previously only released in short excerpts.

As they became The Residents, San Francisco's most treasured sons (and, for all we know, daughters) produced a number of experimental tapes, and even ventured beyond their studio to perform on stage. This set captures both those live shows and a previously-unheard-in-its-entirety studio recording, '1-10 (With A Touch Of 11)'. Raw and unsophisticated, and deeply experimental with regards the studio material, all three recordings shine a light onto the group's early, intrauterine period, capturing them performing together, and represents an invaluable part of their formative story.

Part of the band's ongoing pREserved series, providing an accompaniment to a collection of vinyl reissues of their better known 1970s recordings, 'Warning: Uninc' bears little relation to the rest of recorded music history, a pattern The Residents have continued over the 50 years since these recordings were made.

### Sickle Of Dust - Where The Sun Glare Danced Vinyl

Sickle of Dust is the best Epic Symphonic Black Metal you probably haven't heard yet.

The musical arrangements, balanced between the symphonic elements and raw crunching BM, bring an emotional range that can be very intense, whether the mood is sad or grim and determined. It's a pity that the song's structure, building up as it does to emotional instrumental breaks and a sorrowful coda, and the prominence of the vocals are not mirrored elsewhere in the album.

180 GRAM VIRGIN VINYL

RECORD STORE DAY EXCLUSIVE  
APRIL 23, 2022

The world-renowned Dave Brubeck Quartet suddenly became a Trio at this historic concert in Vienna, Austria when Paul Desmond didn't make the group's flight to Vienna. While Paul's lyricism was missing, Dave Brubeck, Eugene Wright and Joe Morello played expansively, and their inspired set was bursting with energy, incredibly strong and swinging hard in Vienna's most famous concert hall. To the Brubeck family's knowledge this is the only recording of Dave, Eugene and Joe as a Trio.

The performance is virtuosic, and the sound is incredible. These All-star players were thrown a curveball and, as you will hear, they knocked it out of the park!

### Deficiency - Warenta CD

WARENTA is a brilliant concept-album bringing DEFICIENCY's Metal to its best potential. An auditive and visual immersion into a mining town of the 1940s.

DEFICIENCY's 4th album "Warenta" is an immersion into a mining town of the 1940s where curses and superstitions meet. The band delivers an intense and diversified score, as its Thrash Metal basis is being stretched according to symphonic, epic, or modern inspirations. A journey of 10 tracks recounting this story through its singular characters and events, inexorably leading to collective hysteria.

### Dismalimerence & Nurez - Split Album CD

The passing of the seasons revisited in a folk black metal key. A unique and unmissable job.

The 4 tracks on this album are very long and epic, not only in the music but also in mood and atmosphere. Each one of them, leads the way with harsh and aggressive BM for most of its running time until when it changes into an all-ambient instrumental with a cool clean synthesiser melody. Each band present represents a season of the year: the dull tones of autumn to the sunny summer melodies.

### Rabbit's Eye - The Damage Was Terrific CD

Noir-soaked improvisations for late-night confessions.

Rabbit's Eye transforms any space they occupy into a psychedelic time-stream, exerting an outward pressure on the environment. Maria's syncopated sighs helically knot staccato stabs of Vassilis's guitar and Yiannis's hops, skipping, jumping in and around Miriam's violin's scrapes. It's skritch most of the time, exploding at a roar when it overflows the rim, pushing the walls, evaporating.

### Sickle Of Dust - Where The Sun Glare Danced CD

Sickle of Dust is the best Epic Symphonic Black Metal you probably haven't heard yet.

The musical arrangements, balanced between the symphonic elements and raw crunching BM, bring an emotional range that can be very intense, whether the mood is sad or grim and determined. It's a pity that the song's structure, building up as it does to emotional instrumental breaks and a sorrowful coda, and the prominence of the vocals are not mirrored elsewhere in the album.

### Swarm Chain - Looming Darkness CD

Let yourself be overwhelmed by their dark impending doom!

Swarm Chain are an Italian heavy-doom band born in 2020. The outcome was so good that it was decided that the project should officially become and a full-length album be recorded during the lockdown. The sound is influenced by the different musical experiences each band-member brings to the table: this results in a form of doom metal and scratchy parts with slower, melodic, and gloomy sections.

**Vastatum - Mercurial States Of Revelation** CD

After two decades devoted to the dark arts within obscure black metal, Wraith and Luzifaust present a new chapter, going by the name of Vastatum

An ancient paralleled entity born into modern existence. Rich with atmospheric maturity and an emphasis on existential impermanence, Vastatum have executed the sonic experience of passing beyond life into death's immeasurable grasp. Thus melding the elusive soundscapes of disembodiment with the haunting distinctions of absolution. Poetic, and potent, melodic and malevolent.

Grindhouse writer Jerry Gross made his directorial debut with *Girl on a Chain Gang* (1966). William Watson, Julie Ange, and Ron Charles star in this stirring shocker about three young people who are framed, arrested, and tossed into jail by corrupt Southern police. Gross, who produced everything from Blaxploitation films to features about teen pregnancy, exercised his social conscience in this drama about racist Southern cops. It was made one year after three civil rights workers were murdered in Mississippi, a subject Gross must've believed was worth exploiting into drive-in theater fare. True to his low budget roots, Gross filmed this one nowhere near the South, but in Long Island, New York!

### Of Mice And Men DVD

Two ranch workers, one of them simple-minded, look for work and happiness during the Great Depression, but luck is not in their cards.

Two migrant workers, George and Lennie, have been let off a bus, miles away from the California farm where they are due to start work. They stop to camp for the night and as they converse, it becomes clear that Lennie has a mental disability, is deeply devoted to George and dependent upon him for protection and guidance. George finds that Lennie loves petting soft things but often kills them.
