August FLASH SALE!

MVD brightens up your summer with camp classic **FLASH GORDON**, available from **Arrow Video** in four sharply focused versions- bluray, limited edition bluray, 4K/UHD and limited edition 4K/UHD! The limited editions contain an extra disc, supplementing the original 1980 **Dino De Laurentiis** produced film with features, interviews, posters, lobby cards-much more Flash! Whatever your immersion level, watch as Flash battles the Merciless Emperor Ming in a Mondo battle for the planet Mongo!

In an age where Science Fiction has become reality, we offer two more films that defy logic (hopefully). **MAX RELOAD AND THE NETHER BLASTERS** deals with a video store clerk who unleashes an evil force, elevating him from zero to hero, while **SPLIT SECOND** deals with a sharp clawed beast who will rip your heart out! Both available on DVD and bluray.

The lines are also blurred with horror and reality this month. Switch on **PITCH BLACK** (the horror film that spawned the **CHRONICLES OF RIDDICK** franchise) and **BLUE UNDERGROUND's** classics **NEW YORK RIPPER** and **HOUSE BY THE CEMETERY**. All available in crisp 4K/UHD versions. And what can be more real than **DAHMER: COLLECTORS EDITION**, offering a slice of the life of human monster Jeffrey Dahmer.

Musically speaking, we offer Cleopatra's **DELTA RAE-COMING HOME TO CAROLINA**, a deluxe bluray, CD and DVD package heralding this alt-pop country blue-eyed soul family band. Dive into the **AQUABATS: KOOKY SPOOKY...IN STEREO!** CD and LP, their first quirky excursion since 2011. And the mania of new releases from **KMFDM (IN DUB)** and the metal grinding of new vinyl from **THE OBSESSED** is tempered with the smooth vibes of the re-release of **ANDREAS VOLLENWEIDER -BEHIND THE GARDENS** CD.

We may be socially distancing, but never distance yourself from the physical. We are open and ready for shopping!

JUNI ATA - "SAUDADE"

LP/CD/DIGITAL: 08/21/2020

Juni Ata's album Saudade is an astounding debut, filled with lush odes to love and loss.

Saudade is a deeply emotional collection of 11 songs brimming with poetic lyrics, rich melodies and arrangements that are as lush and elevating at times as they are sparse and captivating elsewhere. The album serves as an introduction to an artist who has been writing songs for himself for years with no intention of ever recording or releasing them. Thanks to the provocation of a dear friend, and the unfortunate circumstances dictated by a global pandemic, the music of Juni Ata will finally see the light of day this summer.

Saudade (sow-da-day), a Portuguese word loosely translated as "a deep emotional state of nostalgic or profound melancholic longing", is the work of singer, songwriter, multi-instrumentalist Jesse Daniel Edwards, who records under the moniker Juni Ata.

- Guest Appearances by Steve Cropper, Matthew Ryan, Madi Diaz and more.

- Hitting AAA, College, and Americana Radio Markets in June with leadoff single "Philadelphia"

- Post-pandemic tour dates to happen in 2020/2021

- USA/UK Publicity lining up to support singles and album.

Anamnesi - Caurus CD

"Caurus" is not a concept album per sé but the songs share the same figurative roots which are wind, water and ground.

With "Caurus" (Mistral, North-West Wind) Anamnesi achieves the goal of the fifth studio album, the second one to be released via Duskstone after the concept album "La Proiezione Del Fuoco". This new Opus is a set of moods that wink to the past works of this one man band but also to a "new" way of songwriting and style choices.

Elvis Stole My Job CD

30 rockin Blues songs that inspired Elvis. That's not a typical "we did it first" comp of originals that Elvis covered.

In the 1950s Elvis Presley became famous all over the world for his moves, his crazy clothes, his hairdo, his music, and his singing style. Before Elvis, only African-American blues and rhythm and blues singers would move that way on stage, wore those crazy clothes, and sang that type of music in that style etcetera. So he basically "stole their job" so to speak.

MDI Ensemble & Livia Rado - Simone Movio: Libro Di Terra E D'incanti CD

Livia Rado and the mdi ensemble with Beat Furrer deliver a captivating performance of this fascinating song cycle.

In A Book of Earth and Enchantment, "the voice is treated as a special component of the instrumental parts: the word being regarded as the highest possibility of existence for a sound, one which directly contemplates an inner reality, a human effort to become its vehicle. The essential lies not in the meaning of the words, but in the mysterious, arcane and poetic power of their resonance." (S.Movio)

Veonity - Sorrows CD

Powerful melodies, majestic choirs and catchy refrains: Scandinavian power metal at its best!

'Sorrows' sets a slighter darker and heavier tone than the band's previous records. A small amount of symphonic additions as well as progressive elements strays from the typical ultra-power metal style that signifies Veonity. However, the foundation that Veonity rests upon is still intact: lots of guitars, double bass-drums and an abundance of epic choirs, solos and metal screams

KMFDM - In Dub

KMFDM IN DUB - reinterpreting KMFDM classics into a blistering display of chilled out grooves & spaced out atmospheres.

KMFDM takes things to the next level with IN DUB, reinterpreting some of the group's best known songs of its 35 year career into a blistering display of chilled out grooves & spaced out atmospheres. The world is held in the tightening grip of sociopolitical upheaval, so it's fitting that Sascha "Käpt'n K" Konietzko should reach back to KMFDM's earliest roots in dub to present a fresh take on what it truly means to "Rip the System!" "Everything old is new again," sings Lucia Cifarelli on "Real Dub Thing," perfectly defining the power of IN DUB. Mosh pit anthems reimagined into meditative grooves, laden with horns, organs, & slithering bass lines as on "A Dub Against War," "Hau Dub," & the opening "Dub Light." Andrew "Ocelot" Lindsley's incendiary rapping on "K•M•F Dub" & Cifarelli's vicious, vivacious vocals shine "Superhero Dub," "Amnesia Dub," & especially on the in-your-face electrified sonic assault of "Rebelz Dub." Andee Blacksugar's guitar textures & angular solos give IN DUB an extra dash of audio intrigue, making this KMFDM's most unique outing. With a long history of addressing political issues & encouraging social revolution IN DUB proves that KMFDM remains as powerful a voice for rebellion as ever.

Dahmer: Collector's Edition

JEFFREY DAHMER. ONE MAN. 17 BODIES. HIS STORY IS FINALLY TOLD.

A butcher. An animal. A monster. Jeffrey Lionel Dahmer (Academy Award® nominee* Jeremy Renner, "The Hurt Locker", Marvel's "The Avengers") was vilified when authorities discovered he murdered, dismembered, and even tried to consume the bodies of 17 young men in Milwaukee, Wisconsin. But is there such a thing as a human monster? Starting somewhere between popular legend and historical fact, Dahmer dares to explore the truth of a man many called an abomination of nature, but who was most decidedly a living, breathing person.

Inspired by life events, it takes you into the demented world of this lonely factory worker and examines the ways in which his twisted personal pain led to the most self-destructive extremes of human cruelty.
